

Workshops for a More
Connected Classroom Culture

WHO WE ARE

The Positive Connection Initiative (PCI) is a 501(c)(3) nonprofit dedicated to advancing human connection through practical, research-informed communication skills training.

OUR SIGNATURE WORKSHOP

This interactive, two-hour workshop uses role-play and group discussion to cultivate skills in:

- Active listening, emotional awareness, and curiosity
- De-escalation, emotional regulation, and boundary-setting
- Collaborative reflection and implementation planning

IMPACT

Since launching, PCI programs have reached over 2,300 participants, helping them build stronger skills for connection and dialogue.

“Hands-down **the most impactful presentation I have heard in my 25 years as an educator...** [PCI’s] approach has the capability of transforming the education model.”
—Former High School Dean of Students

“This is **the most engaged I have ever, I mean ever, seen our faculty.** Role playing as students helped us truly see things from their point of view. It was real, it was relevant, and it was unforgettable.”
— High School Teacher

BRING PCI TO YOUR SCHOOL

Tailored workshops available for:

- Faculty
- Staff
- Administration
- Students
